MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES BY MANAGEMENT

This management information circular (the “Circular”) is furnished in connection with the solicitation by management of LGC Capital Ltd. (the “Corporation”) of proxies to be used at the Annual and Special Meeting of shareholders (the “Meeting”) of the Corporation to be held at the time and place and for the purposes set forth in the Notice of Meeting. It is expected that the solicitation will be made primarily by mail. However, officers and employees of the Corporation may also solicit proxies by telephone, telecopier, e-mail or in person. The total cost of solicitation of proxies will be borne by the Corporation. Pursuant to National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), arrangements have been made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy-related materials to beneficial owners of the shares. See “Appointment and Revocation of Proxies – Notice to Beneficial Shareholders” below.

APPOINTMENT AND REVOCATION OF PROXIES

Appointment of Proxy

A Registered Shareholder who is unable to attend the Meeting in person is requested to complete and sign the enclosed form of proxy and to deliver it to Computershare Investor Services Inc. (i) by mail or hand delivery to Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, or (ii) by facsimile to 416-263-9524 or 1-866-249-7775. A Registered Shareholder may also vote using the internet at www.investorvote.com or by telephone at 1-866-732-8683. In order to be valid and acted upon at the Meeting, the form of proxy must be received no later than 5:00 p.m. (Eastern Time) on Friday, May 17, 2019 or be deposited with the Secretary of the Corporation before the commencement of the Meeting or any adjournment thereof.

The document appointing a proxy must be in writing and executed by the Registered Shareholder or his attorney authorized in writing or, if the Registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

A Registered Shareholder submitting a form of proxy has the right to appoint a person (who need not be a shareholder) to represent him or her at the Meeting other than the persons designated in the form of proxy furnished by the Corporation. To exercise that right, the name of the Registered Shareholder’s appointee should be legibly printed in the blank space provided. In addition, the Registered Shareholder should notify the appointee of such person’s appointment, obtain such person’s consent to act as appointee and instruct the appointee on how the Registered Shareholder’s shares are to be voted.

Shareholders who are not Registered Shareholders should refer to “Notice to Beneficial Shareholders” below.

Revocation of Proxy

A Registered Shareholder who has submitted a form of proxy as directed hereunder may revoke it at any time prior to the exercise thereof. If a Registered Shareholder who has given a proxy personally attends the Meeting at which that proxy is to be voted, that Registered Shareholder may revoke the proxy and vote in person. In addition to the revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Registered Shareholder or his attorney or authorized agent and deposited with (i) Computershare Investor Services Inc. at any time up to 5:00 p.m. (Eastern Time) on Friday, May 17, 2019 by mail or by hand delivery to Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, or by facsimile to 416-263-9524 or 1-866-249-7775, (ii) at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or (iii) with the Secretary of the Corporation before the commencement of the Meeting, or any adjournment thereof, and upon any such deposit, the proxy will be revoked.

Notice to Beneficial Shareholders

The information set out in this section is of importance to many shareholders, as a substantial number of shareholders are Beneficial Shareholders and do not hold shares of the Corporation in their own names. Beneficial Shareholders should note that only proxies deposited by Registered Shareholders (shareholders whose names appear on the records of the Corporation as the registered holders of shares) can be recognized and acted upon at the Meeting or any adjournment(s) thereof. If shares

are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder's name on the records of the Corporation. Those shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their nominees can be voted only upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting shares for their clients. Subject to the following discussion in relation to NOBOs (as defined below), the Corporation does not know for whose benefit the shares of the Corporation registered in the name of CDS & Co., a broker or another nominee, are held.

There are two categories of Beneficial Shareholders for the purposes of applicable securities regulatory policy in relation to the mechanism of dissemination to Beneficial Shareholders of proxy-related materials and other securityholder materials and the request for voting instructions from such Beneficial Shareholders. Non-objecting beneficial owners (“**NOBOs**”) are Beneficial Shareholders who have advised their intermediary (such as brokers or other nominees) that they do not object to their intermediary disclosing ownership information to the Corporation, consisting of their name, address, e-mail address, securities holdings and preferred language of communication. Securities legislation restricts the use of such information to matters strictly relating to the affairs of the Corporation. Objecting beneficial owners (“**OBOs**”) are Beneficial Shareholders who have advised their intermediary that they object to their intermediary disclosing such ownership information to the Corporation.

NI 54-101 permits the Corporation, in its discretion, to obtain a list of its NOBOs from intermediaries and use such NOBO list for the purpose of distributing the Proxy-Related Materials directly to, and seeking voting instructions directly from, such NOBOs. As a result, the Corporation is entitled to deliver the Proxy-Related Materials to Beneficial Shareholders in two manners: (a) directly to NOBOs and indirectly through intermediaries to OBOs; or (b) indirectly to all Beneficial Shareholders through intermediaries. In accordance with the requirements of NI 54-101, the Corporation is sending the Proxy-Related Materials directly to NOBOs and indirectly through intermediaries to OBOs. The cost of the delivery of the Proxy-Related Materials by intermediaries to OBOs will be borne by the Corporation.

The Corporation has used a NOBO list to send the Proxy-Related Materials directly to NOBOs whose names appear on that list. If the Corporation's transfer agent, Computershare Investor Services Inc., has sent these materials directly to a NOBO at the request of the Corporation, such NOBO's name and address and information about its holdings of shares of the Corporation have been obtained from the intermediary holding such shares on the NOBO's behalf in accordance with applicable securities regulations. As a result, any NOBO of the Corporation can expect to receive a VIF from Computershare Investor Services Inc. NOBOs should complete and return the VIF to Computershare Investor Services Inc. in the envelope provided. In addition, telephone voting and internet voting are available; instructions in respect of the procedure for telephone and internet voting can be found in the VIF. Computershare Investor Services Inc. will tabulate the results of VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the voting of shares represented by such VIFs.

Applicable securities regulations requires intermediaries, on receipt of Proxy-Related Materials that seek voting instructions from Beneficial Shareholders indirectly, to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings on Form 54-101F7 (Request for Voting Instructions Made by Intermediary). Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting or any adjournment(s) thereof. Often, the form of request for voting instructions supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to Registered Shareholders; however, its purpose is limited to instructing the Registered Shareholder how to vote on behalf of the Beneficial Shareholder. Beneficial Shareholders who wish to appear in person and vote at the Meeting should be appointed as their own representatives at the Meeting in accordance with the directions of their intermediaries and Form 54-101F7. Beneficial Shareholders can also write the name of someone else whom they wish to appoint to attend the Meeting and vote on their behalf. Unless prohibited by law, the person whose name is written in the space provided in Form 54-101F7 will have full authority to present matters to the Meeting and vote on all matters that are presented at the Meeting, even if those matters are not set out in Form 54-101F7 or this Circular.

The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). In forwarding the Proxy-Related Materials to Beneficial Shareholders, Broadridge typically includes a VIF in lieu of the form of proxy that some intermediaries employ. Beneficial Shareholders are requested to complete and return the VIF to Broadridge by mail or facsimile. Alternatively, Beneficial Shareholders can call a toll-free telephone number to vote the shares held by them or access Broadridge's dedicated voting website at <https://central-online.proxyvote.com> to deliver their voting instructions. Broadridge will then provide aggregate voting instructions to the Corporation's transfer agent and registrar, which tabulates the results and provides appropriate instructions respecting the voting of shares to be represented at the Meeting or any adjournment(s) thereof.

EXERCISE OF DISCRETION BY PROXIES

Shares represented by properly-executed proxies or VIFs in favour of the persons designated in the enclosed form of proxy or voting information forms, in the absence of any direction to the contrary, will be voted for the: (i) election of directors; (ii) appointment of an auditor, (iii) special resolution ratifying, confirming and approving the change in name of the Corporation; (iv) special resolution ratifying, confirming and approving the creation of an unlimited number of preferred shares in the capital stock of the Corporation, (v) resolution ratifying, confirming and approving an amendment to the Corporation's 2016 Stock Option Plan, and (vi) resolution ratifying, confirming and approving certain stock option grants to certain executive officers of the Corporation. The shares represented by the proxy or VIF will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for, and if a shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. With respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting, such shares will be voted by the persons so designated in their discretion. At the time of printing this Circular, management of the Corporation knows of no such amendments, variations or other matters.

VOTING SHARES

As at April 17, 2019, there were 416,658,982 issued and outstanding common shares of the Corporation. Each common share entitles the holder thereof to one vote. Pursuant to the *Canada Business Corporations Act*, the Corporation is required to prepare, no later than ten days after the Record Date, an alphabetical list of shareholders entitled to vote as of the Record Date that shows the number of shares held by each shareholder. A shareholder of record on the Record Date will be entitled to vote those shares included in the list of shareholders entitled to vote at the Meeting prepared as at the Record Date, even though the shareholder may subsequently dispose of his or her shares. COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

This Compensation Discussion and Analysis is intended to provide information about the Corporation's executive compensation philosophy, objectives and process and to discuss compensation relating to each person who acted as Chief Executive Officer and as Chief Financial Officer and the three most highly-compensated executive officers (or three most highly-compensated individuals acting in a similar capacity), other than the Chief Executive Officer and Chief Financial Officer, whose total compensation was more than \$150,000 in the Corporation's last financial year (each a “Named Executive Officer” or “NEO”) and collectively the “Named Executive Officers” or “NEOs”). For the fiscal year ended September 30, 2018, the Corporation had four Named Executive Officers, namely, the President and Chief Executive Officer (John McMullen), the Chief Financial Officer (Anthony Samaha), the Co-Chairman (David Lenigas) and the Co-Chairman (Mazen Haddad).

The following is a description of the Corporation's executive compensation philosophy and objectives for the fiscal year ended September 30, 2018.

Compensation Philosophy and Objectives

The Corporation has significant investments and joint ventures in international companies with Cuban ties that are well positioned to grow with the Cuban economy. At present, the Corporation does not have positive earnings. In light

of the Corporation's current stage of development, it does not have a formal compensation program. The Board of Directors meets to discuss and determine management compensation without reference to formal criteria. The general objective of the Corporation's compensation is to: (i) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long-term shareholder value; (ii) align management's interests with the long-term interests of shareholders; (iii) provide a compensation package that is commensurate with other investment companies in order to enable the Corporation to attract and retain talent; and (iv) ensure that the total compensation package is designed in a manner that takes into account the constraints under which the Corporation operates by virtue of the fact that it is a small investment company without a history of earnings.

Compensation Process

The Board of Directors, as a whole, upon the advice of the Corporate Governance and Nominating Committee, ensures that total compensation paid to all Named Executive Officers is fair and reasonable and accomplishes the following long-term objectives:

- produce long-term, positive results for the Corporation's shareholders;
- align executive compensation with corporate performance; and
- provide market-competitive compensation and benefits that will enable the Corporation to recruit, retain and motivate the executive talent necessary to be successful.

Analysis of Elements

The compensation paid to Named Executive Officers is comprised of two main components: base salary and long-term incentives, in the form of stock options granted pursuant to the Corporation's 2016 Stock Option Plan, adopted by the Board of Directors on June 2, 2016. The following discussion describes the components of compensation and discusses how each component relates to the Corporation's overall executive compensation objective. The Corporation believes that:

- base salaries provide an immediate cash incentive for the Corporation's NEOs and should be at levels competitive with peer companies that compete with the Corporation for business opportunities and executive talent; and
- stock options ensure that the NEOs are motivated to achieve long-term growth of the Corporation and increases in shareholder value, and provide capital accumulation linked directly to the Corporation's performance.

The Corporation places equal emphasis on base salary and stock options as short-term and long-term incentives, respectively.

Base Salaries

Base salaries are based primarily on the level of responsibility of the position, the qualifications and experience of the officer and market conditions.

The base salaries of the NEOs are reviewed annually to ensure that they take into account the following factors: market and economic conditions, levels of responsibility and accountability of each NEO, skill and competencies of each individual, retention considerations, and level of demonstrated performance.

Base salaries, including that of the Chief Executive Officer, are reviewed by the Board of Directors as a whole, on the basis of its opinion as to a fair and responsible compensation package, taking into account the contribution of the Chief Executive Officer to the Corporation's long-term growth and the knowledge of the members of the Board of Directors with respect to remuneration practices in Canada.

Long-Term Incentive Plans and Stock Option Plan

The Corporation has no long-term incentive plans in effect other than the 2016 Stock Option Plan. The Corporation provides long-term incentive compensation to its NEOs through the 2016 Stock Option Plan. The Board of Directors grants options from time-to-time based on its assessment of the appropriateness of doing so in light of the long-term strategic objectives of the Corporation, its current stage of development, the need to retain or attract particular key personnel, the

number of options already outstanding and overall market conditions. The Board of Directors views the granting of options as a means of promoting the success of the Corporation and higher returns to its shareholders. As such, the Board of Directors does not grant options in excessively dilutive numbers or at exercise prices not reflective of the Corporation's underlying value. During the financial year ended September 30, 2017, the Corporation granted stock options in respect of an aggregate of 14,000,000 common shares to the NEOs and directors as set out under "Stock Options and Other Compensation Securities" below. For the material terms and conditions of the Corporation's 2016 Stock Option Plan, see the heading "2016 Stock Option Plan" below.

Group Benefits/Perquisites

The officers of the Corporation do not benefit from any life, medical, long-term disability or other insurance. None of the officers benefits from a retirement plan.

External Compensation Consultants

During the fiscal years ended September 30, 2018 and September 30, 2017, the Corporation did not retain the services of executive compensation consultants to assist the Board of Directors in determining compensation for any of the Corporation's Named Executive Officers or directors.

Assessment of Risks Associated with the Corporation's Compensation Policies and Practices

The Board of Directors has assessed the Corporation's compensation plans and programs for its executive officers to ensure alignment with the Corporation's business plan and to evaluate the potential risks associated with those plans and programs. The Board of Directors has concluded that the compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Corporation.

The Board of Directors considers the risks associated with executive compensation and corporate incentive plans when designing and reviewing such plans and programs.

The Corporation has not adopted a policy restricting its NEOs or directors from purchasing financial instruments that are designated to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by its NEOs or directors. To the knowledge of the Corporation, none of the NEOs or directors has purchased such financial instruments.

AUDIT COMMITTEE

Charter of the Audit Committee

The Charter of the Audit Committee is annexed to this Circular as Schedule E.

Composition of the Audit Committee

The Audit Committee is currently composed of Mohammed Ghafari (Chairman), Anthony Samaha and Rafi Hazan. Under National Instrument 52-110 *Audit Committees*, a member of the Audit Committee is “independent” if he or she has no direct or indirect material relationship with the issuer, that is, a relationship which could, in the view of the Board of Directors, reasonably interfere with the exercise of the member’s independent judgment.

The Board of Directors has determined that Mohammed Ghafari is an independent member of the Audit Committee, that Anthony Samaha is not an independent member of the Audit Committee as he is the former Chief Financial Officer of the Corporation, and that Rafi Hazan is not an independent member of the Audit Committee as he is the former Chief Financial Officer of the Corporation.

The Board of Directors has determined that each of the three members of the Audit Committee is “financially literate” within the meaning of section 1.5 of National Instrument 52-110 *Audit Committees*, that is, each member has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation’s financial statements.

Reliance on Certain Exemptions

Section 2.4 (*De Minimis Non-audit Services*) provides an exemption from the requirement that the Audit Committee pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 (*Exemptions*) permits a company to apply to a securities regulatory authority for an exemption from the requirements of National Instrument 52-110 *Audit Committees* in whole or in part.

Pre-Approval Policies and Procedures

The Audit Committee has adopted specific policies and procedures for the engagement of non-audit services as set out in the Charter of the Audit Committee. Any additional audit services which are required, are presented to the Audit Committee as required. During the fiscal year ended September 30, 2017, the Corporation incurred no expenses which required pre-approval.

Ernst & Young LLP, Chartered Professional Accountants, have served as the auditor of the Corporation since November 1, 2016.

NAME CHANGE OF THE CORPORATION

The Board of Directors of the Corporation has proposed to change the name of the Corporation. Accordingly, at the Meeting, Shareholders will be asked to consider, and, if deemed advisable, to pass the special resolution (being a resolution passed by not less than two-thirds of the votes cast by those shareholders who, being entitled to do so, vote in person or by proxy at the Meeting) annexed to this Circular as Schedule A (the “**Name Change Resolution**”) to approve the change of the name of the Corporation to “Elixer Ltd.” or to such other name as the Corporation’s Board of Directors may, in its sole discretion, determine to be appropriate.

Even if approved by the shareholders, the Board of Directors of the Corporation may determine not to proceed with the name change at its discretion, without further approval of the shareholders.

Unless otherwise specified, the persons named in the accompanying form of proxy intend to vote for the Name Change Resolution.

CREATION OF A CLASS OF PREFERRED SHARES

At the Meeting, shareholders will be called upon to vote on the special resolution annexed to this Circular as Schedule B (the “**Preferred Share Resolution**”) to effect a change in the authorized capital of the Corporation to create a class of an unlimited number of preferred shares of the Corporation (the “**Preferred Shares**”). In order to be adopted, the special resolution must be approved by at least two-thirds of the votes cast by those shareholders who, being entitled to do so, vote in person or by proxy at the Meeting.

At present, the Corporation has no specific intent to issue any Preferred Shares. However, the new class of Preferred Shares is being proposed to be created in order to add additional flexibility to facilitate the future financing of the Corporation.

The Preferred Shares would carry and be subject to the following rights, privileges, restrictions and conditions:

- (a) *Issuable in Series:* The Preferred Shares may be issuable in series and the directors of the Corporation shall have the right, from time to time, to fix the number of, and to determine the designation, rights, privileges, restrictions and conditions attaching to the Preferred Shares of each series, including, without limitation, the rate or amount of dividends thereon (if any), the method of calculating dividends, the dates of payment thereof, the right (if any) to convert shares of a series of Preferred Shares into shares of another series of Preferred Shares or into another class of shares (including Common Shares), the right (if any) to participate in the remaining assets of the Corporation upon its liquidation or dissolution, the right (if any) to vote, as well as any other rights, privileges, restrictions or conditions attached to a series of Preferred Shares, subject to the limitations, if any, set out in the Articles of the Corporation.
- (b) *Dividends:* The holders of any series of Preferred Shares shall be entitled to receive, if and when declared by the directors, dividends in the amounts specified or determinable in accordance with the rights, privileges, restrictions and conditions attaching to the series of which such Preferred Shares form part.
- (c) *Liquidation, Dissolution or Other Distribution:* In the event of the liquidation, dissolution or winding-up of the Corporation, whether voluntary or involuntary, the holders of the Preferred Shares shall be entitled to receive in respect of the shares of each series thereof, before any distribution of any part of the assets of the Corporation among the holder of the common shares, all amounts which may be provided in the Articles of the Corporation to be payable thereon in respect of return of capital, any dividends declared thereon and unpaid, and any cumulative dividends, whether or not declared.
- (d) *Participation:* Holders of shares of each series of Preferred Shares shall be entitled to participate in the distribution of the assets of the Corporation remaining upon a liquidation or dissolution of the Corporation on the same basis as the holders of every other series of Preferred Shares. To the extent determined by the directors when designating the rights, privileges, restrictions and conditions attaching to a series of Preferred Shares, holders of the shares of such series shall be entitled to participate in the distribution of the assets of the Corporation remaining upon a liquidation or dissolution of the Corporation on a *pari passu* basis with the holders of the common shares.

The Board of Directors of the Corporation believes that the creation of the class of Preferred Shares is in the best interests of the Corporation and of its shareholders, and it recommends that shareholders vote in favour of said resolution.

Unless otherwise specified, the persons named in the accompanying form of proxy intend to vote for the Preferred Share Resolution.

AMENDMENT TO THE 2016 STOCK OPTION PLAN

On April 17, 2019, the Board of Directors of the Corporation adopted amendments to the 2016 Stock Option Plan of the Corporation (the “**Plan**”) increasing to 83,331,796 from 71,230,957 the number of common shares that may be issued under the Plan. At the Meeting, Shareholders will be called upon to vote on the resolution annexed to this Circular as Schedule C (the “**Stock Option Plan Resolution**”) approving such amendments to the Plan. The Board of Directors increased the number of shares which may be issued under the Plan in part to reflect the increase during the last year in the number of issued and outstanding common shares of the Corporation following a number of transactions by the Corporation.

Prior to the amendment, the Plan provided for the issuance of a maximum of 71,230,957 common shares upon the exercise of stock options. On April 17, 2019, the Board of Directors amended the Plan so as to increase the number of common shares reserved for issuance thereunder to 83,331,796 shares, representing an increase of 12,100,839 common shares. The 83,331,796 shares which may be issued under the Plan represents 20% of the number of issued and outstanding shares of the Corporation on April 17, 2019 (416,658,982 shares).

The amendment to the Plan is subject to approval by the TSX Venture Exchange and to shareholder approval. In order to be adopted, the Stock Option Plan Resolution must be approved by a simple majority of the votes cast by the holders of the common shares, either present in person or represented by proxy at the Meeting. In the event that the Stock Option Plan Resolution is not approved at the Meeting, the maximum number of common shares that can be issued under the Plan will remain at 71,230,957. The material terms and conditions of the Plan are set out below under “2016 Stock Option Plan”.

Unless otherwise specified, the persons named in the accompanying form of proxy intend to vote for the Stock Option Plan Resolution.

RATIFICATION OF CERTAIN STOCK OPTION GRANTS

On April 3, 2019, the Board of Directors of the Corporation granted stock options in respect of 2,250,000 common shares to a senior officer of the Corporation. The exercise price of these stock options is \$0.10 per share, representing a premium of approximately 17.6% to closing price of the Corporation’s common shares on the TSX Venture Exchange on April 2, 2019.

On April 5, 2019, the Board of Directors of the Corporation granted further options in respect of an aggregate of 6,100,000 common shares to certain new senior officers of the Corporation. The exercise price of these stock options is \$0.13 per share, representing the closing price of the Corporation’s common shares on the TSX Venture Exchange on April 4, 2019.

Pursuant to the terms and conditions of the Plan, the aggregate number of common shares reserved for issuance under stock options granted to insiders of the Corporation, as a group (as such term is defined under the policies of the TSX Venture Exchange), must not at any point in time exceed ten percent of the issued and outstanding common shares, unless the approval of disinterested shareholders is obtained. Following the grants referred to above, the aggregate number of common shares reserved for issuance under stock options granted to insiders, as a group, is approximately 11.83 percent.

At the Meeting, Shareholders will be called upon to vote on the resolution annexed to this Circular as Schedule D (the “**Stock Option Grant Resolution**”) ratifying, confirming and approving the grant of the stock options.

In order to be adopted, the Stock Option Grant Resolution must be approved by a simple majority of the votes cast by the holders of the common shares, either present in person or represented by proxy at the Meeting, other than the votes attaching to shares beneficially owned by the three officers of the Corporation to whom the stock options were granted and their respective associates. Consequently, the votes attached to the common shares held by such individuals and their associates will not be included for the purposes of approving the Stock Option Grant Resolution. In the event that the Stock Option Grant Resolution is not approved at the Meeting, the stock options in respect of 8,350,000 common shares will be null and void. These option grants are also subject to acceptance by the TSX Venture Exchange.

Unless otherwise specified, the persons named in the accompanying form of proxy intend to vote for the Stock Option Grant Resolution.

The Corporation is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of (i) any person who has been a director or executive officer of the Corporation at any time since the beginning of the Corporation’s last financial year, (ii) any nominee for election as director of the Corporation, or (iii) any associate or affiliate of the persons listed in (i) and (ii), in any matter to be acted upon at the Meeting, other than the election of directors, the ratification, confirmation and approval of amendments to the Plan referred to under “Amendments to the 2016 Stock Option Plan” above, and the ratification, confirmation and approval of the grant of stock options referred to under “Ratification of Stock Option Grants” above.

OTHER MATTERS

Management of the Corporation knows of no other matter to come before the Meeting other than those referred to in the Notice of Meeting. However, if any other matters which are not known to the management should properly come before the Meeting, the accompanying form of proxy confers discretionary authority upon the persons named therein to vote on such matters in accordance with their best judgment.

SHAREHOLDER PROPOSALS

The *Canada Business Corporations Act* provides, in effect, that a registered holder or beneficial owner of shares that is entitled to vote at an annual meeting of the Corporation may submit to the Corporation notice of any matter that the person proposes to raise at the meeting (referred to as a “**Proposal**”) and discuss at the meeting any matter in respect of which the person would have been entitled to submit a Proposal. The *Canada Business Corporations Act* further provides, in effect, that the Corporation must set out the Proposal in its management information circular along with, if so requested by the person who makes the Proposal, a statement in support of the Proposal by such person. However, the Corporation will not be required to set out the Proposal in its management information circular or include a supporting statement if, among other things, the Proposal is not submitted to the Corporation at least 90 days before the anniversary date of the notice of meeting that was sent to the shareholders in connection with the previous annual meeting of shareholders of the Corporation. As the notice in connection with the Meeting is dated April 17, 2019 the deadline for submitting a proposal to the Corporation in connection with the next annual meeting of shareholders is January 18, 2020.

The foregoing is a summary only; shareholders should carefully review the provisions of the *Canada Business Corporations Act* relating to Proposals and consult with a legal advisor.

CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 *Corporate Governance Guidelines* and National Instrument 58-101 *Disclosure of Corporate Governance Practices*, set out a series of guidelines for effective corporate governance. The guidelines address matters such as the composition and independence of corporate boards, the functions to be performed by boards and their committees, and the effectiveness and education of board members. Each reporting issuer, such as the Corporation, must disclose on an annual basis and in prescribed form, the corporate governance practices that it has adopted. The following is the Corporation’s required annual disclosure of its corporate governance practices.

1. Board of Directors

The Board of Directors considers that Mohammed Ghafari is independent within the meaning of National Instrument 52-110 *Audit Committees*.

The Board of Directors considers that the following directors are not independent within the meaning of National Instrument 52-110 *Audit Committees*: David Lenigas, in that he is the former Chief Executive Officer of the Corporation, Anthony Samaha, in that he is the former Chief Financial Officer of the Corporation, Mazen Haddad, in that he is the Co-Chairman and Chief Executive Officer of the Corporation, and Rafi Hazan, in that he is the former Chief Financial Officer of the Corporation.

The Board of Directors considers that one of the five members of the Board of Directors is independent within the meaning of National Instrument 52-110 *Audit Committees*. Accordingly, a majority of the members of the Board of Directors is not independent.

2. Directorships

The following directors are currently directors of other issuers that are reporting issuers (or the equivalent) in a jurisdiction of Canada or a foreign jurisdiction:

Name of Director	Issuer
Mazen Haddad	Argex Titanium Inc.
David Lenigas	Hampton Bay Capital Inc. Macarthur Minerals Limited

3. Orientation and Continuing Education

The Corporation does not currently have a formal orientation program for new directors. The Board of Directors encourages directors to participate in ongoing professional development through qualified organizations.

4. Ethical Business Conduct

In light of the Corporation's stage of development and its limited number of employees, the Board of Directors has not taken formal steps to encourage and promote a culture of ethical business conduct. The Corporation does take measures to ensure that the directors, officers and employees do not trade in the Corporation's shares at a time when disclosure of material information is pending.

Notwithstanding the absence of a formal code of conduct, the Board of Directors believes that the fiduciary duties placed on individual directors by the *Canada Business Corporations Act* and the common law, as well as the restrictions placed by the *Canada Business Corporations Act* on an individual director's participation in decisions of the Board of Directors in which the director has an interest, have been sufficient to ensure that the Board of Directors operates independently of management and in the best interests of the Corporation.

Further, it is the policy of the Corporation that an interested director or officer recuse himself or herself from the decision-making process pertaining to a contract or transaction in which he or she has an interest.

5. Nomination of Directors

The Board of Directors will consider new candidates for nomination, if deemed necessary. The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of view and experience.

6. Compensation

In determining the compensation of the directors, the Board considers the size of the Corporation, its financial resources and the contribution of the directors to the Corporation's growth.

The process by which the Corporation currently determines the compensation of its executive officers and directors is described in the section entitled "Compensation of Executive Officers and Directors - Compensation Discussion and Analysis" above.

7. Other Board Committees

The Board of Directors does not have any standing committees other than the Audit Committee, Corporate Governance and Nominating Committee, and Disclosure Committee.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee (“CGNC”) is expected to meet not less than twice a year and at such other times as required. The CGNC is responsible for determining, within the agreed terms of reference, the Corporation’s policy on the remuneration packages of the Corporation’s chief executive officer, chairman, executive and non-executive directors, the Corporation’s secretary and other senior executives. The CGNC also has responsibility for:

- (i) recommending to the Board a compensation policy for directors and executives and monitoring its implementation; and
- (ii) approving and recommending to the Board, the total individual remuneration package of the chairman, each executive and non-executive director, the chief executive officer and all other senior executives (including bonuses, incentive payments and share options or other share awards). No individual may be involved in any discussions as to his or her own remuneration.

The CGNC also has the responsibility for reviewing the structure, size and composition (including the skills, knowledge and experience) of the Board and giving full consideration to succession planning. The CGNC also has the responsibility for recommending new appointments to the Board and to the other Board committees. It is responsible for identifying suitable candidates for board membership and for monitoring the performance and suitability of the current Board on an on-going basis.

8. Assessments

The Board of Directors, as a whole, is responsible for assessing the effectiveness of the Board of Directors, its committees and individual directors and the competence and qualifications that each director is required to bring to the Board of Directors. Although no formal process has been put in place for such assessment, the Board conducts informal assessments on an as-needed basis. In this regard, the Board of Directors from time-to-time examines and comments on its effectiveness and that of its committees, and makes adjustments when warranted.
