Statements and certain information contained in this website and the documents incorporated by reference may constitute "forward-looking statements" within the meaning of applicable Canadian securities legislation which may include, but are not limited to, statements regarding the Company’s future plans, strategies, costs, investments, objectives or economic performance, or the assumptions underlying any of the foregoing. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", or "believes" or variations (including negative variations) of such words and phrases, or statements that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements,

there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking statements contained on this website or incorporated by reference are made as of the date of this presentation or as of the date of the documents incorporated by reference, as the case may be. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers are cautioned not to place undue reliance on forward-looking statements.
